Did you know?
The Shapiro Library Innovation Lab & Makerspace offers a variety of equipment, software, and tools like 3D printers, laser cutting/engraving, design software, poster printing, soldering, and much more...

These resources are open to any member of the SNHU community to use for completion of class assignments or just for fun!

Check out our website at or request a tour of the space by contacting Jennifer Harris, Emerging Technology & Systems Librarian at j.harris@snhu.edu.

Upcoming Library Workshops at the Mill
Library Database Subscription Workshop
Feb 29, 2016 Noon — 1pm
Windermere B
Bring your lunch and join eLearning Librarian Brian Ryckman Monday, Feb. 29, in Windermere B as he shows ways to make the most of our library database subscriptions. Learn search techniques, ways of storing and managing articles, and how to set up alerts for specific journal titles and search queries.

Library Updates and FAQs
March 14, Noon — 1pm
Windermere A
What are some common questions the librarians receive and how can we best assist? What’s new in the library and how can you incorporate it? Join Brian as he discusses library updates and frequently asked questions on how to best serve students and faculty.

Innovation Lab & Makerspace Workshops
Want to learn how to use the equipment available in the Innovation Lab & Makerspace? Check out our workshop and events schedule at http://libguides.snhu.edu/makerspace

Don’t see what you’re looking for or can’t attend? Contact us at j.harris@snhu.edu to schedule a one-on-one session on your convenience.

http://libguides.snhu.edu/makerspace

We’re always looking for new ideas and opportunities to collaborate! Whether it’s creating videos demonstrating equipment, writing documentation and collecting resources for students online, helping connect students with opportunities to access these technologies wherever they are, or anything else you can think of, we’d love to work with you to engage our online students!

Check out our Facebook page at https://www.facebook.com/shapiromakerspace (“SNHU Innovation Lab & Makerspace”) for updates on the space and equipment available, video demonstrations, photos, and more!

Library Database Subscription Workshop
Feb 26 2016 Noon — 1pm
Windermere B
Bring your lunch and join eLearning Librarian Brian Ryckman Monday, Feb. 29, in Windermere B as he shows ways to make the most of our library database subscriptions. Learn search techniques, ways of storing and managing articles, and how to set up alerts for specific journal titles and search queries.
